/s/ Laura Taylor Swain, USDJ

It is imperative that the defendant of this criminal action now ask the court for the patience of another thirty days before the court reaches a concluding resolution as it pertains to the current Compassionate Release Motion that is under consideration by the court, due to the fact that the defendant is currently in the Covid-19 quarantine cell block as he waits to be transferred to another facility within the Bureau of Prisons, does not have access to his personal property, nor does he have access to any forms of a Law Library. which makes it impossible for him to rebut any prosecutorial responsive document, and has placed him in the position of now having to ask this Honorable Court for the patience of another thirty days.
